Suggestions for resolutions

New ideas and proposals for the future of the
Janusz Korczak International Society

Two pages partly based on the article 'Does Korczak have a future?', by Gerard Kahn.
(http://korczak.info/publications/biblio/publi_en/korczak-future_iframe.html)

1. A strong and reduced international Board

To see: facilities as: meetings 2 times a year, transports compensations, etc.

2. To found a Centre for Janusz Korczak Research

(The composition is to be discussed)

3. To collecte document examples of Korczak's ideas being put into practice

'How can children be respected at school, in the crèche and at home?', 'What does this mean in practice?' etc.

4. To develop cooperation (strategic alliance) with local, European and Global Organisations

(as Defence for Children International, Alliance for Childhood, Warchild, etc.)

5. Rejuvenation

Korczak Associations should offer the new generation (students, young workers in schools, institutions, volunteers) a possibility to participate in practical projects.

6. A better working network between the Korczak Associations

The newsletter, the website and other ways

7. Budget

- Fees of each registered National Korczak Associations
- Payment for Copyright of Korczak materials (after checking)
- The part of the International Switzerland Korczak Foundation
- Fundraising
